The IFPP 2017 organizing committee has been hard at work planning an amazing conference for dedicated clinicians, trainees, and patients! Our theme this year is ***Engaging for Impact: Partnerships in Pediatric Pain.***

Our internationally acclaimed speakers will speak from their experience and expertise about engaging friends, family, media, clinicians, and even the government in the pediatric pain experience.

We're also busy planning other informational and fun events for you, including poster sessions, hot topic debates, and of course, our famous Nordic swim!

We look forward to seeing you at White Point in October!
